

Activity 3: Begin With the End In Mind

Imagine a day in the life of your community, five years from now. If you've been successful in your work, how does the community look different?

- Did you solve the problem once and for all?
- Are you personally still working on the problem? In your spare time or full-time? Alone, or with other people? Are you the boss, or part of the team?
- How much does the solution cost, or is your solution actually earning money?
- Are you still working with the same community or did you spread out?
- Do you have a bank account? a website? an office?
